Procedures for Providing Public Input: Public comment for consideration by EPA's federal advisory committees has a different purpose from public comment provided to EPA program offices. Therefore, the process for submitting comments to a federal advisory committee is different from the process used to submit comments to an EPA program office. Federal advisory committees provide independent advice to EPA. Members of the public may submit comments on matters being considered by the EFAB for consideration as the Board develops its advice and recommendations to EPA.

Written Statements: Written statements should be received by May 8, 2023, so that the information can be made available to the EFAB for its consideration prior to the meeting. Written statements should be sent via email to efab@epa.gov. Members of the public should be aware that their personal contact information, if included in any written comments, may be posted to the EFAB website. Copyrighted material will not be posted without explicit permission of the copyright holder.

Accessibility: For information on access or services for individuals with disabilities or to request accommodations for a disability, please register for the meeting and list any

special requirements or accommodations needed on the registration form at least 10 business days prior to the meeting to allow as much time as possible to process your request.
